SUMMARY

ICT undergraduate at the University of Sri Jayewardenepura with six months of industry experience as a Flutter Developer Intern at Sri Lanka Telecom PLC (SLT). Experienced in Flutter, Node.js, React.js, MongoDB and REST APIs. Passionate about mobile, backend and AI-powered applications.

EDUCATION

- Bachelors of Information and Communication Technology (Hons) – University of Sri Jayewardenepura **(2023 - Present) - CGPA : 3.2 / 4.0**
- G.C.E. Advanced Level – President College, Embilipitiya **(2021/2022) - AAB (District 14)**
- G.C.E. Ordinary Level – President College, Embilipitiya **(2018) - A3 B3 C3**

PROFESSIONAL EXPERIENCE

- Flutter Developer Intern – Sri Lanka Telecom PLC (Head Office)**
Feb 2026 – Aug 2026
- Contributed to mySLT and Citizen Care mobile applications using Flutter.
- Worked with REST APIs, debugging, testing and feature development.
- Collaborated with teams using Git/GitHub and Agile practices.
- Improved knowledge of clean architecture and professional software workflows.

TECHNICAL SKILLS

- Languages:** Dart, JavaScript, Java, SQL
- Mobile:** Flutter
- Frontend:** React.js, HTML, CSS, Tailwind CSS
- Backend:** Node.js, Express.js, REST APIs
- Database:** MongoDB, MySQL, Firebase
- Tools:** Git, GitHub, VS Code, Android Studio, Postman

SOFT SKILLS

- | | |
|---|---|
| • Team Collaboration and Leadership | • Problem-Solving |
| • Effective Communication and Presentation | • Adaptability and Continuous Learning |
| • Languages as Sinhala (Fluent), English (Intermediate) | • Time Management and Task Prioritization |

PROJECTS

- [PodiWeda-LK - Flutter + Node.js mobile app for part-time job finding.](#)

Developed a mobile application for connecting users with part-time job opportunities. Implemented user authentication, job posting, job search, REST API integration, and MongoDB database management.

- [Bus Seat Booking Backend](#)

Developed a backend system for a bus seat reservation platform using Node.js and Express.js. Implemented RESTful APIs for seat availability, booking management, and user operations. Designed and managed a MySQL database for storing buses, seats, schedules, and reservations, ensuring data consistency and efficient booking handling.

- [Casual Club E-Commerce Web Application \(MERN Stack\)](#)

Developed a complete e-commerce platform enabling users to register, browse, and purchase products securely. Implemented JWT-based authentication, user management, and product CRUD operations. Designed an intuitive admin dashboard to manage inventory, track orders, and control user access.

- [IntelliPrep – AI-Powered Interview Preparation Platform \(MERN Stack + AI Integration\)](#)

Created an intelligent web application that generates personalized interview questions and evaluates responses using AI. Integrated natural language processing tools to assess user input and provide real-time feedback. Designed a responsive and accessible user interface to enhance user engagement and learning.

CERTIFICATIONS

- Project Management Fundamentals – University of Moratuwa & DP Education **(2026)**
- MERN Stack Web Application Development Course – SKYREK Institute **(2025)**
- Web Design for Beginners – Center for Open and Distance Learning, University of Moratuwa **(2025)**

ACHIEVEMENTS

- Completed 6-month Flutter internship at SLT.
- Built multiple full-stack web and mobile applications.
- Integrated AI features using Gemini API.
